DETAILED ACTION

1. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose or make obvious the claimed digital riflescope device and method. Specifically, the prior art fails to disclose the claimed combination of elevation computing means in combination with an elevation knob device attached to a scope; or the adjustment of a target viewing element transferring a displacement signal to a computer for providing scope adjustment information to the user of the rifle scope as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
